

COVID TESTING PROGRAM

in partnership with

Here's how it works

- ✓ No charge for school districts, unions, public entities or private employers.
- ✓ All costs are covered through the Federal Cares Act. No charge to the patient.
- ✓ Insurance is requested and patients must bring identification to be tested. If a person doesn't have insurance or are undocumented, they will still be tested.
- ✓ Our program tests for Covid-19. CDC guidelines are strictly enforced.
- ✓ Once a testing date is chosen for your site, a pre-registration link will be placed on your website for sign-up.
- ✓ Results will be available within 2-3 days via Accu Lab's online portal.

To book a testing date, please contact Jeffrey Meyer at jmeyer@unionfirst.net or 609-534-3919.
